# KANAK MOULDINGS

Founded in 2023 in Jodhpur, Kanak Mouldings Pvt. Ltd. emerged as a trailblazer in the plastic packaging industry. We specialize in crafting premium, sustainable packaging solutions tailored for diverse corporate needs.

Our journey began with a commitment to innovation and environmental responsibility. Today, we stand as a symbol of excellence in manufacturing products that combine functionality, durability, and ecological sensitivity. At Kanak Mouldings, we're dedicated to molding not just materials, but a sustainable future for our planet.

# VISION

Kanak Mouldings Pvt. Ltd. is on an unwavering quest to emerge as a global leader in plastic packaging, diversifying our reach to cater to every industry corner. In coming years, we envision a robust portfolio with an extensive range of SKUs, serving as the backbone for businesses seeking premium packaging solutions. Parallel to our partnership aspirations, we are dedicated to cultivating our own brand – an emblem of innovation, quality, and customer-centric values. Our trajectory is defined by strategic expansion, brand development, and a pledge to deliver excellence that our clients trust and choose, today and tomorrow.

# MISSION

Kanak Mouldings Pvt. Ltd. is dedicated to revolutionizing the plastic packaging landscape with innovative, cutting-edge solutions. Our mission anchors on crafting a range of products that not only answer the dynamic demands of the market but also anticipate future trends. We endeavor to be the architects of change, focusing on both creating impactful packaging solutions and nurturing sustainable practices. Our drive is to empower industries worldwide with packaging that speaks of quality, versatility, and environmental consciousness, establishing Kanak Mouldings as a beacon of progressive and responsible manufacturing

# MANAN DHOOT

MANAGING DIRECTOR

From a very young age, the world of business has not just been a pursuit for me, but a passion. While academic studies provided a foundation, it was the hands-on experience at our family business post-school that truly ignited my entrepreneurial spirit. Business was not just a career choice; it was a calling that I embraced wholeheartedly since I was 15.

My journey through the realms of commerce led me to pursue an undergraduate degree in business, which fortified my understanding and solidified my resolve. But the true strength of our venture lies in collaboration. Supporting my younger brother to attain a master's degree was a strategic move, ensuring that our business had the perfect amalgamation of practical experience and advanced educational insights.

The inception of Kanak Mouldings was a family affair, brainstormed alongside my younger one and with the support of my mother. Our quest was to identify an industry that touches every aspect of business, leading us to the versatile and ever-essential field of plastic packaging and solution services. It was more than a business decision; it was a commitment to an industry that is the backbone of countless sectors.

Our ambition for Kanak Mouldings is to cultivate it as a cradle of innovation and collaboration. We aim to transform it into a hub where creative minds converge, ideas flourish, and high-quality solutions are born. Our goal is not just to lead in the market, but to create an environment where our team is inspired, where partnerships are valued, and where Kanak Mouldings becomes a workplace of choice and excellence.

**This is the legacy we are building- from our family to the world.**
